A QUESTION ABOUT Brown's Iron Bitters ANSWERED.

The question has probably been asked thousands of times, "How can Brown's Iron Bitters cure everything?" Well, it doesn't. But it does cure any disease for which a reputable physician would prescribe IRON. Physicians recognize iron as the best restorative agent known to the profession, and inquiry of any leading chemical firm will substantiate the assertion that there are more preparations of iron than of any other substance used in medicine. This shows conclusively that iron is acknowledged to be the most important factor in successful medical practice. It is, however, a remarkable fact, that prior to the discovery of BROWN'S IRON BITTERS no perfect, perfectly satisfactory iron combination had ever been found. BROWN'S IRON BITTERS is the only iron medicine that cures indigestion, biliousness, weakness, dyspepsia, neuralgia, chills, and fevers, tired feeling, general debility, pain in the side, back or limbs, headache and neuralgia—for all these ailments iron is prescribed daily. BROWN'S IRON BITTERS, however, does not cure in a minute. Like all other thorough medicines, it acts slowly. When taken by a man the first symptom of benefit is renewed energy. The muscles then become firmer, the digestion improves, the bowels are active, in a woman the effect is usually more rapid and marked. The eyes begin to clear, the complexion improves, the healthy color comes to the cheeks; nervousness disappears; functional derangements become regular, and if a nursing mother, abundant sustenance is supplied for the child. Remember, Brown's Iron Bitters is the ONLY iron medicine that is not injurious. Physicians and Druggists recommend it. The Genuine has Trade Mark and crossed red lines on wrapper. TAKE NO OTHER.

THE MOLDERS' LOCKOUT.

STOVE MANUFACTURERS GO BACK ON THEIR OWN PROPOSITION.

The Trouble to Extend Over the Whole Country—President Fitzpatrick, of the Iron Molders' Union, interviewed on the Situation—Other Labor Troubles.

CINCINNATI, April 29.—The conference between President Fitzpatrick, of the iron molders' union, and President Cribben, of the Stove Manufacturers' Defense association, and the other general officers, to effect a settlement of the St. Louis molders' strike, and a suspension of the general molders' lockout, has proved fruitless. The Stove Manufacturers' association have refused the same proposition that they themselves made a few weeks ago in regard to the trouble at Bridge, Beach & Co's, St. Louis, namely: a 5 per cent. advance at once and a 5 per cent. advance June or July 1, if the price of stoves could be advanced. The molders' first demand was for a 15 per cent. advance, but they were willing to compromise on 10 per cent.

President Fitzpatrick telegraphed Bridge, Beach & Co., March 23, if they would allow a 10 per cent. advance, and the firm replied that the matter was left entirely in the hands of Henry Cribben, president of the Defense association. By the refusal of the latter to now accept their own proposition a long lockout is now inevitable. "We are able to cope with the Defense association," said President Fitzpatrick to-day. "We offered to take their own terms to effect a settlement and they have refused. It confirms more than ever the impression abroad that there is some conspiracy to pool the price of stoves. A limited supply of an article makes a big difference in the price. They certainly intended to shut down soon anyhow, and have made the molders' refusal to work on the obnoxious patterns a pretext. I received words of sympathy and encouragement from the secretary of the Federation of Trades to-day and we can rely upon their support. It is remarked that the action of Powderly and the general executive board of the Knights of Labor in holding the Detroit Knights of Labor molders at work on the taboed patterns is suspicious, but I think they will go out yet. I think Mr. Powderly means right. All the union molders in the Second district will now go out. We shall hold them in no longer. I understand the patterns are to be soon introduced in the First district, and, of course, none of our molders will work upon them."

President Cribben, of the Stove Manufacturers' association, returned to Chicago, to-day. The general executive board of the iron molders remain in session to-day, but all the officers will return to their homes to-night. They all express their regrets that the manufacturers would not accept their fair propositions, but state that they are as able, financially and otherwise, to carry on as active warfare as the stove manufacturers.

Cardinal Manning on the Knights.

LONDON, April 29.—Cardinal Manning has written a special article with regard to the Knights of Labor, which will appear in the issue of The Tablet on Saturday next. Cardinal Manning says: "Unless the rights of labor can be denied the liberty of organization to protect those rights and the freedom founded on them cannot be denied. Toward the end of the last century the doctrines of political economy under the plea of free contract broke up the old relation between employer and employee, and the conflict between capital and labor became perpetual. The power of capital is all but irresistible, for the poor must labor for the bread of life; hunger lays the necessity upon them, for the sake of their homes and themselves. When the law ceased to intervene, organizations for mutual defense straightway arose. The Knights of Labor and the British trades unions represented the rights of labor and the rights of association for its defense. A conflict of capital and labor is not unequal. The freedom of contract whereon political economy glorifies itself hardly exists. It is surely their church's office to protect the poor and to protect labor, which has built up the human commonwealth."

At Philadelphia.

PHILADELPHIA, April 29.—Last night the Stove Molders' union of this city at a meeting adopted resolutions denouncing what they term the coercive measures adopted by their employers in trying to force them to use the St. Louis patterns. There were no further strikes in this locality yesterday, and no further trouble is anticipated.

The general executive board of the Knights of Labor met in this city for the purpose of taking some action for the prevention of further trouble between employers and employees on account of the objectionable St. Louis patterns. None of those present at the meeting would say what action had been taken, but it is said that the plans for bringing about a settlement of the present trouble among the stove molders were thoroughly discussed, but no satisfactory conclusion was reached.

Window Glass Manufacturers.

PITTSBURG, April 29.—As a result of the dispute between the window glass manufacturers and the "teasers" and mixers in their employ, in reference to a demand for an increase of 10 per cent. in the wages of the latter, the mixers and "teasers" in every window glass house in this vicinity, at the close of yesterday's heat, 10 o'clock last night, went on a strike. About four hundred men are directly interested, but in all about twelve hundred men in all the districts will be thrown out of work on account of the strike.

Boycotting Beer.

HAZLETON, Pa., April 29.—A committee of Knights of Labor visited all the saloons, hotel and restaurant keepers in this town yesterday and requested them from selling or handling beer manufactured by certain brewers in Philadelphia. All the keepers agreed to boycott the companies by not purchasing from them in the future, believing this to be a good way to bring the trouble to a speedy termination. The same request is to be made by the committee in all the towns and cities in Luzerne county.

Strike Settled.

WORCESTER, Mass., April 29.—The strike

at Lapham's woolen mills in Milbury has been settled, the weavers resuming work to-day. The strike began two months ago.

Cattle Quarantining.

OTTAWA, Ont., April 29.—The government is considering the advisability of prohibiting the importation of cattle into Canada from the United Kingdom for at least one year. This step, which will likely be adopted, seems to be rendered necessary by the existence of pleuro-pneumonia in the mother country.

Looks Suspicious for the Old Man.

ALTOONA, Pa., April 29.—Mrs. A. Schwartz, three sons and a sister were mysteriously poisoned yesterday morning. The husband had prepared breakfast for the family, at which coffee and tea were used. The family drank the tea and the husband the coffee. He went to his work as usual and shortly afterward the family were all taken violently ill. A physician was called and found that they were suffering from urinary poisoning superinduced by Spanish fly (cantharides). At present all are living but in a precarious condition. As yet it is not known by what means the poison was taken. The husband is suspected as the agent in the matter.

Still Discussing Secession.

OTTAWA, Ont., April 29.—In the house yesterday Mr. Welch, member for Prince Edward Island, in the course of debate told the government that unless the promises made by the union of provinces be maintained to the very letter his province would withdraw from the confederation. He did not threaten secession, but simply pointed out what was the sure outcome of the feeling of unrest now prevailing there. He said the confederation was a curse to Prince Edward Island and a sham generally. The province, if independent of the confederacy, would be one of the most prosperous communities in Canada, if not in the world.

Mining Operations Suspended.

PHILADELPHIA, April 29.—There is every probability that the anthracite producing companies will suspend mining for two weeks or more beginning May 1. The supplies of coal at Tidewater still accumulate in the domestic sizes. It is estimated that the excess of these sizes aggregate \$500,000 tons, and it must be reduced in order to get the consumers to lay in their supplies. There will be a meeting here to-morrow to fix prices to the line and city trade. No change will be made in domestic sizes, but an advance in the manufacturers' sizes will be discussed.

A Detective Arrests the Wrong Man.

JASPER, Ind., April 29.—Ainsley Sutton, a wealthy farmer and stock dealer of Dubois county, and acting as detective for a protective association, recently arrested on King upon a charge of larceny and violation of the revenue laws and took him to Evansville, when it was found that King did not have the necessary papers and King was released. Sutton was arrested by King on a charge of false imprisonment. A jury last night returned a verdict of guilty and fixed the punishment at two years in the penitentiary and a fine of \$100.

They Will Vote for Camden.

CHARLESTON, W. Va., April 29.—A motion to proceed to joint ballot for a United States senator in the house yesterday called for the yeas and nays. It was amended by a motion to table the original motion. This was carried—33 to 25—but before the chair could announce the result of the roll call a motion to adjourn till to-day the announcement of the result was sustained—37 to 13. The latter vote is taken as a test on the question of voting for a senator. The indications now are that Senator Camden will be re-elected.

Fire in a School House.

BOSTON, April 29.—The Gaston school house in South Boston was partially destroyed by fire this morning. The fire originated from some unknown cause in the furnace room, and when discovered at 4:30 o'clock had been burning several hours. Before it was got under control the roof, cupola and upper story were gutted. The lower floors were badly damaged by fire, smoke and water. It is stated that the loss will exceed \$30,000. The school was for girls, and accommodated about three hundred pupils.

Death of a Prominent Criminal Attorney.

NEW YORK, April 29.—Jonathan W. Gordon, a leading lawyer of Indianapolis, died to-day of congestion of the brain, aged sixty-seven years. He was the most prominent criminal attorney of Indiana, and defended over sixty murder cases in his career, only one of which was decided against him. His most noted case was the celebrated Nancy Clem case which lasted over six years, finally ending in the woman's release after being three times convicted of double murder.

Three People Drowned.

OAKVILLE, Md., April 29.—The bug-eye Blanch Hayward, of Solomon's Island, was capsized off Cedar Point in the Chesapeake about 12 o'clock Monday night, and the captain, Frederick Hayward, and his two brothers, Bernard and Guy, were lost. When off Cedar Point they were struck by a flaw of wind, and having heavy logs in tow, the boat became unmanageable and capsized. Two boats have gone out in search of the wreck.

Governor Gordon's Condition.

AUGUSTA, Ga., April 29.—Governor Gordon has been in a kind of sleep all day, though his improvement since last evening is marked. There is a belief prevalent that the governor is a sicker man than those who have access to his room are willing to admit. He will be carried to his home at the capital to-morrow, unless there is a change for the worse during the night.

Temperance Work at Chillicothe.

CHILICOTHE, O., April 29.—There is a great sensation created in this city by the entree of Rev. Anna Shaw, the renowned temperance worker. Her lectures are held at the Masonic opera house, which has been literally jammed from parquette to balcony for the past four nights.

Short in His Accounts.

OMAHA, Neb., April 29.—T. J. Hunt, secretary of the Nebraska and Iowa Insurance company, is about \$11,000 short in his accounts and will probably be prosecuted unless he makes the amount good. A committee of stockholders is investigating the matter and will report Saturday or Monday next.

WASHINGTON DISPATCHES

NOT MUCH FOUNDATION FOR AN EXTRA SESSION OF CONGRESS.

The Surplus Revenue Not as Dangerous as Has Been Reported—The War and Navy Department Watching England's Gun-Making Experiments—Capital Notes.

WASHINGTON, April 29.—There really does not seem to be much foundation for all the "extra session" talk that is again being indulged in. The only reason that there could be for calling an extra session would be to get an early reduction of the surplus revenue, which a good many people think is going to be piled up mountain high by the time congress meets again.

We are now within sixty days of the close of the fiscal year, and there are yet practically \$20,000,000 of the 3 per cent. bonds out that may be called at any time. The accumulations of surplus are now going on at the rate of about \$10,000,000 a month. From July 1 to the date of the meeting of congress is five months. The accumulations of surplus at the ordinary rate by that time would be about \$50,000,000. The treasury department, however, are required to buy, during the next fiscal year, \$44,000,000 of bonds for the sinking fund. These, at the rate of premium which it must pay, will cost about an even \$50,000,000. So it does not seem probable that the date for the regular meeting of congress will be the treasury with any accumulation of surplus. Of course it may take congress some time to devise a satisfactory plan for reducing the surplus, but even giving it three months to do this—and it can do so if it desires in less than that time—the accumulations need not be more than \$25,000,000 or \$30,000,000; all of which could be immediately put into circulation, if needed, by the purchase of bonds in the open market.

Big Guns and Heavy Armored Vessels.

WASHINGTON, April 29.—The war and navy department people have been watching the recent experiments in big guns in England with a good deal of interest. Fast as the art of iron ship building progresses the art of destruction keeps fairly ahead of it. England's war ships have iron armor two feet thick, backed by two feet more of teak wood. Yet the cannons that have been recently tested will put a ball twice as large as a man's head through this four feet of iron and wood as though it were made of green cheese. The cannon which does this work weighs 110 tons, and with its carriage weighs over 200 tons. It is forty-four feet long, and carries a ball which weighs 2,500 pounds, or as much as twenty average men. It can carry this ball, it is said, nearly ten miles. It takes almost a thousand pounds of powder, half a wagon load, to fire the gun once. The gun is twice as long as the width of the average residence in the average city. The "bore," or hole through which the ball is fired, is sixteen and a half inches in diameter, or big enough for a man to crawl into. It is capable, it is claimed, of sending a 2,500 pound ball through three feet of solid iron armor.

Social Gossip.

WASHINGTON, April 29.—The leading gossip in social circles is the rumored engagement of Sir Lionel Sackville West, and Miss Mattie Mitchell, of Oregon, and further interest to the story lies in the fact that the marriage may be consummated abroad. Miss Mitchell sails for England May 7, and Sir Lionel joins his daughters abroad in June. So many of the foreign ministers here have had American wives that the prospect of a lady so generally admired as Miss Mitchell taking a leading position in the diplomatic circle, is without doubt the most interesting bit of gossip heard in Washington for many a day. The Misses West left this morning for New York, whence they sail for England Saturday.

Entertained at the King's Palace.

WASHINGTON, April 29.—A report by the United States minister at Athens referring to the recent departure of the Pensacola, flagship of Rear Admiral Franklin, says that he cannot commend too highly the conduct and bearing of both officers and men. Their departure was much regretted by the Americans, as well as the people of Athens. Before leaving, the ship was visited by the king and royal family, who were dined and entertained on board, and members of the cabinet, foreign ministers and other distinguished persons. Admiral Franklin, Capt. Dewey, and other officers of the vessel were entertained at the palace by the king and queen.

Land Subject to Entry.

WASHINGTON, April 29.—The secretary of the interior has approved a decision of the commissioner of the general land office, holding a triangular body of land containing 200,000 acres of land lying northwest of the unforfeited grant to the Oregon Central railway company, and along the line of the forfeited portion, to be public land and subject to entry.

Schnabeles to Be Released.

PARIS, April 29.—M. Herbet, the French ambassador at Berlin, has telegraphed M. Flourens, the minister of foreign affairs, an account of his interview with Count Herbert Bismarck last evening with regard to M. Schnabeles' arrest. M. Herbet says that Count Bismarck maintained that French territory had not been violated. He was inclined to admit, however, that the arrest was irregular and contrary to the Franco-German frontier convention of 1877. The count further stated that he would release Schnabeles when the letters of Herr Gautsch, the German commissary of police entitling Schnabeles across the frontier, were proved to be authentic. M. Herbet expresses the belief that M. Schnabeles will be released.

Decoration Day at Nashville.

NASHVILLE, Tenn., April 29.—The committee in charge of the decoration of the graves of Federal soldiers at the National cemetery, near this city, have invited Senator Sherman to deliver the oration. Should he decline Governor Foraker, of Ohio, will be asked to speak.

Montreal Flood Over.

MONTREAL, April 29.—From present appearances the flood is now over, the water being fully two feet below the Revestment wall. Business has been resumed.

AFTER MANY DAYS.

Bread Cast Upon the Water Brings a New Yorker \$50,000.

NEW YORK, April 29.—A remarkable peculiar story with more than ordinary tinge of romance came to light yesterday, when Col. Granger, a well known down-town business man, was notified that he had been left \$50,000 by a former Cincinnati, Mr. Samuel Stockbridge. Mr. Stockbridge was a cotton speculator, and resided in the Queen City when the late war broke out. He had occasion to visit Louisiana on a purchasing tour, and took his invalid wife with him. While in the Red river district, he was incited by the Federal lines and found it impossible to proceed. His wife grew very ill and her husband in his frantic endeavors to cross the lines came in contact with Mr. Granger, who was at that time an aide-de-camp on the staff of Gen. Ullman.

Mr. Granger took pity on the invalid and her husband, and furnished them with passports. Shortly afterward Mr. Granger was promoted for gallant service, and obtained a leave of absence. Accompanied by his wife he took the steamer at New Orleans, and was much surprised to find Mr. and Mrs. Stockbridge among his fellow-passengers. Old friendships were renewed. While passing through Louisiana the Confederate sharpshooters fired on the steamer, and Mrs. Stockbridge again became violently ill. The Grangers were again friends in need, and when the families parted at Cincinnati they were steadfast friends.

Strangely enough, however, the Grangers never saw their strangely-found acquaintances again. Mr. Stockbridge amassed a fortune of \$3,000,000 and returned to his birthplace—Edinburgh, Scotland—where he died in 1884. He never forgot his benefactors, however, and in his will bequeathed the sum of \$50,000 to Col. Granger. A firm of Scotch lawyers have, after a year and a half, definitely identified Col. Granger, and the money will be paid in a short time.

Wheat Prospects.

TOLEDO, O., April 29.—During the past five days C. A. King & Co. have received crop reports from every important wheat county in the six principal winter wheat states. They show present prospects of growing crop as very favorable, except Ohio, which averages only fair. Michigan needs rain. Missouri, Illinois and Kansas report better prospects than a year ago. Indiana as well. All states except Michigan have had plenty of rain recently and show material improvement since the April agricultural bureau reports were gathered. The acreage is about the same as last year. The last crop promises to be well marketed. Michigan reports a quarter still remaining, but Kansas and Missouri have very little.

Minister Fatally Shot.

GRENADE, Miss., April 29.—Our town was thrown into considerable excitement yesterday about noon, when Capt. W. B. Towler, of this city, a traveling salesman for Schmidt & Ziegler, of New Orleans, shot and fatally wounded Rev. C. Stivers, of the Episcopal church. The shooting occurred at Towler's own house. The cause is not known, as neither party has said anything about the affair. Stivers, expecting to die, made a confession in which he stated that Capt. Towler was justified, and he didn't want him punished. Physicians say Stivers cannot recover.

Looks Like Murder.

MINNEAPOLIS, Minn., April 29.—Last Monday morning Nels Johnson, a Scandinavian laborer, died suddenly under suspicious circumstances. It leaked out that Eli Nelson, his room-mate, had had a quarrel with him, in which Johnson was cut in the head. At the coroner's inquest physicians testified to finding a piece of a knife blade sticking in a wound in the skull, which had caused Johnson's death. Both were drunk at the time of the quarrel, and slept together. Nelson is in custody, and will be held on a charge of murder.

Knights Templar Election.

INDIANAPOLIS, Ind., April 29.—The Grand Commandery Knights Templar adjourned, after electing and installing the following officers: Grand Commander George W. F. Kirk, Shelbyville; Deputy Grand Commander Reuben Peden, Knightstown; Generalissimo Duane T. Bacon, Indianapolis; Captain General H. H. Lancaster, Lafayette; Senior Warden Irvin B. Webster, Warsaw; Junior Warden Joseph A. Manning, Michigan City; Grand Recorder John B. Branwell, Indianapolis; Grand Treasurer Joseph W. Smith, Indianapolis.

Lake Superior Navigation.

CHEBOYGAN, Mich., April 29.—The tug Messenger from a detour this morning reports the ice in Zoor river and Mud lake solid, and claims that boats will not be able to go through to Lake Superior for a week. The propeller Minnie M. and the Messenger left this morning, however, and will make an attempt to reach the Zoor.

Prizes for Base Ballists.

BOSTON, April 29.—The Globe to-day announces its intention of presenting a silver bat of regulation size to the leading batsman and a handsome gold medal to the best base-runner in this season's League, also gold medals to the members of the team winning the New England championship.

Created a Sensation.

NEW YORK, April 29.—Mr. S. V. White created something of a sensation on Wall street, by a letter declining a directorship in the New York & New England railroad, giving as his reasons that he is not a stockholder in the company and that a press of business prevents his acceptance.

Crushed to Death Under a Wagon.

TOLEDO, O., April 29.—Charles Neil, a farmer living northwest of the city, while driving to the city yesterday evening with a load of furniture, fell from his seat in some unexplained manner, and being caught by his heels, had his head terribly crushed. He was dead when found.

Suicided With Laudanum.

BALTIMORE, Md., April 29.—Frederick J. Root, aged thirty-five years, son of the late George Root, the brewer, suicided to-day by taking laudanum. He leaves a wife and six children.

An Editorial Writer Dead.

BALTIMORE, April 29.—Major Innes Randolph, a leading editorial writer on the American, died this morning. He has been ailing for two months from heart trouble.

The distilleries in this State will all shut down the first of May for one year. Too much whisky. The business has been overdone.

SENATOR BECK has come to Kentucky to take a look at his fences. He is not apt to find many of them broken down by Standford.

SENATOR BECK very discreetly remained away from Kentucky until the gubernatorial nomination was practically settled. He isn't to be blamed for keeping out of the squabble.

HON. JOHN D. WHITE says he's out of politics, and will not subscribe a cent to the Republican campaign fund next August. He's not in love with Bradley, and will let that statesman fight his own battles.

In four days recently nearly \$300,000 worth of real estate changed hands at Muncie, Ind. All on account of natural gas. Let's hurry up that well here, so that Maysville can get some of the good things too.

FIRST AUDITOR CHENOWETH, of the Treasury Department, a relative of Major T. J. Chenoweth, of this city, is at Hot Springs, Ark., under treatment for rheumatism, and will remain there until his recovery is complete.

CRAIG TOLLIVER must be a daisy, to use a common expression. According to reports he arrested Wm. Trumbo at Morehead the other day and then acted as foreman of the jury that fined Trumbo fifty dollars and sent him to jail thirty days for the offense. That's rubbing it in a little too thick.

Way Things are Done in Rowan.

"Wm. Drvis and Arthur Glascock, of Maysville, went to Johnson County, last week," says the Flemingsburg Gazette, "and bought 156 hogs and a bunch of cattle. To assist in bringing the stock home two Johnson men were employed.

"Near Hogtown they were stopped and two men laid claim to six hogs, and said their hogs and trouble was worth \$45, which was paid to avoid trouble. Davis and Glascock then passed on unmolested to within a mile of Morehead, where parties named Kitchen and Ferguson claimed a hog each. The stock was then driven to Morehead by the drivers, as directed by Ferguson and Kitchen. There they were put up in a lot to remain till the Rowan parties were satisfied for their hogs and trouble.

"One of the men in charge says Craig Tolliver informed them that they might consider themselves under arrest, at the time the \$45 was claimed. After it was paid they were then permitted to proceed.

"The stock remains in Morehead, and Rowan highwaymen rejoice that all is lovely in their neck of the woods."

A dispatch from Flemingsburg says Mr. Glascock has gone to Frankfort to see the Governor about the matter.

"Isn't that Mrs. Holmes? I thought the doctors gave her up. She looks well now."

"She is well. After the doctors gave up her case she tried Dr. Pierce's 'Favorite Prescription' and began to get better right away. I heard her say not long ago, that she hadn't felt so well in twenty years. She does her own work, and says that life seems worth living, at last. 'Why,' said she, 'I feel as if I had been raised from the dead, almost.' Thus do thousands attest the marvelous efficacy of this God-given remedy for female weakness, prolapsus, ulceration, leucorrhoea, morning sickness, weakness of stomach, tendency to cancerous disease, nervous prostration, general debility and kindred affections.

OUR NEIGHBORS.

RECTORVILLE.

Sam Davis has returned from Illinois. How did last Friday strike you for a rainy day.

H. V. Riggen, our tobacco merchant, bought several crops.

Misses Lizzie and Gertrude Owens are visiting at Lewisburg.

L. W. Pollitt and wife, of Orangeburg, were the guests of Dr. Pollitt, Sunday last.

Mrs. Melia Lee is spending a few days with her sister, Mrs. Dr. Hord, of Orangeburg.

Miss Alice Parker, of Vyneburg, visited the family of Mrs. Julia Stubbins last week.

The terrific rain storm Friday did considerable damage here, destroying the early vegetables.

Getting up tea clubs has taken the place of the "quilt race" among the ladies here, and they all seem to be successful.

From some unknown cause, Rev. Lancaster did not put an appearance last Sunday morning, although it was his regular day here.

The ladies of the Mt. Olivet Church contemplate giving an ice cream and strawberry supper at an early date for the purpose of buying new carpet, chandelier, etc., for the church.

Died, near Rectorville, April 26th, John M. Deaton. Deceased was a soldier of the late civil war, and received wounds at the battle of Franklin, which after many years proved fatal. He received a small pension the latter days of his life. His remains were interred in the Bethany burying ground.

THE RESERVOIR RIOT.

All Northwestern Ohio Excited Over the Destruction of State Property.

DEFIANCE O., April 29.—All northwestern Ohio continues excited over the destruction of state property along the old Wabash canal. To-day the board of public works inspected the damage and estimated the loss at \$50,000. The state will repair a worthless property at great expense, merely to maintain order and law. The marauders have organized masked band of men, who have unlimited supplies of dynamite which they propose to use if necessary, to combat with the soldiers. One member of the board has been threatened and a small reign of terror exists, as men are paid to testify threats having been made that their homes would be burned.

A poor farmer, one Vermillion, was driving from home on Tuesday night, when the lock was blown up. The water surrounded his house. His wife and baby suffered from the cold in the woods until morning. Every member of the mob is well armed and have details of spies in constantly watching the militia, and the women are aiding them. The military fear that a bushwhacking company may result in the shooting of pickets by concealed rioters, who have the advantage of knowing the wild country. The rioters sent word to Gen. Axline that no further depredations need be expected, and that the people would submit to law. Last night several arrests were made at Antwerp, of the dynamiters who blew up the reservoir. H. W. Perry was identified as a leading conspirator and his arrest caused consternation among the law breakers, who are now realizing their mistake, as the result will be costly prosecutions for which the county treasury will be responsible.

Lottery Swindlers Trial.

PHILADELPHIA, April 29.—W. A. Miller, B. Gottschalk and E. Hirsch, who, under the style of the Philadelphia Banking company, were offering foreign bonds which allotted interest to the bondholders in prize drawings at stated periods were held in \$500 each for trial, on the charge of using the mails for the circulation of illegal circulars. Miller furnished bail, but Gottschalk and Hirsch were unable to procure bail and were sent to jail.

A \$11,000 Safe Robbery.

CHICAGO, April 29.—A vault and safe in the ship-chandlery house of G. B. Carpenter & Co., on South Water street, were drilled open early this morning, and money and jewelry aggregating \$11,000 stolen. Seven thousand dollars of the amount was in cash or negotiable paper. The jewelry belonged to members of the Carpenter family.

Dynamite Deviltry at Nicholasville, Ky. NICHOLASVILLE, Ky., April 29.—This morning at 2 o'clock an attempt was made by dynamiters to blow up the city government. Bombs were exploded in front of the mayor's and the recorder's residences. Several bombs were fired by the dynamiters near the court house. It is thought to be the work of young bloods who were fined yesterday for drunkenness.

The Two Black Brutes.

LOUISVILLE, Ky., April 29.—Turner and Patterson, the two black whippers, cowardly beasts who assaulted brave Jennie Boemer, were brought from Frankfort and safely lodged in jail here. The militia was under arms to quell any uprising, but all was quiet and no demonstration was made. The fiends spent most of the night in prayer. Miss Boemer's condition was slightly worse last night.

Trying to Crawl Out.

OTTAWA, Ont., April 29.—It is stated at Rideau hall that the Marquis of Lansdowne was totally ignorant of any bargain whatever having been made with his tenants. If any such agreement was made and repudiated, as the dispatches say, it was directed by his excellency's agent, and without the knowledge of the governor general personally.

The Lord Mayor's Mistake.

The lord mayor, a few years ago, was trying a case at the Mansion house. Not satisfied with the testimony of a witness, he cautioned him to be careful, saying: "You must be very careful in your statements, for I could have sworn that when I arose this morning I put my watch into my pocket, and I have only just missed it; and now recollect that I left it on my dressing table."

On his return home, the lady mayress asked what had caused him to send so many messengers in such quick succession for his watch and chain, as but one could take it to him. His lordship then saw his indiscretion. Several professional thieves had started immediately for that watch, and the first one had obtained it.—Youth's Companion.

Swedish Iron.

A Swedish authority states that Swedish iron has almost lost its place in the English market. Hardware exported to that country are being returned unsold, even though offered at the very lowest prices. The East Indian market is almost as completely closed against Sweden, and such sales as have been made there have been effected at a ruinous loss.—Philadelphia Call.

Christina Schatzman, et al, Def'ts. }
By virtue of a judgment and order of sale of the Mason Circuit Court, rendered at the April term thereof, 1887, in the above cause, I shall proceed to offer for sale, on the premises, in Maysville, Ky., to the highest bidder, at public auction, on

Saturday, 14th Day of May,

1887, at 2 o'clock p. m., upon a credit of six, twelve and eighteen months the following-described property, to-wit: First: That certain lot of ground on the east side of Market street, between Front and Second streets, fronting 28 feet, 4 inches, more or less, on Market street, and running back a distance of 132 feet. Said lot is bounded on the North by William Trout's and M. Davis' lot. Second: Those two certain lots of ground in what was formerly known as East Maysville, (now the Fifth ward) and known on the January plat thereof as lots Nos. 54 and 55, each fronting on the North side of Second street, between Poplar and Lexington streets, 33 feet; making in both a frontage of 66 feet on the North side of Second street as aforesaid, and extending back towards the Ohio river to an alley a distance of 120 feet, keeping the same width all the way.

For the purchase price, the purchaser, with approved surety or sureties must execute bond, bearing legal interest from day of sale, according to law. Bidders will be prepared to comply promptly with these terms. Bonds payable to

THINGS NOT TO BE SEEN AT THE CIRCUS,

But something of far more interest to the economical and tasty, can be seen at our house. Competition is wild at the way we are slaughtering prices, but we never do things by halves, *only when we sell Choice Clothing at 50 cents on the dollar!* We are in fine feather for a big trade, and are selling the majority of the Clothing sold in Mason County, and we want to "rise in meetin'" and say, right here, we appreciate the patronage we are receiving as thoroughly as any one can, and to merit a continuance, we have supplied ourselves with the greatest, grandest and Lowest Priced line of

Spring and Summer Clothing, For Men, Youths and Children,

in the State, and the Cut, Fit and Finish of them are as correct as any tailor can produce. Our **Hats and Furnishing Goods** are far in excess of any other line shown in Maysville, and our prices—well, if you don't find them fully 25 per cent. less than elsewhere, we don't want you to buy of us. We only ask you to price our line of Suits; our line of Furnishing Goods; our line of Hats. We only ask you to see the improved styles in every department, and if that does not convince you that you have struck a great and cheap Emporium of Fashion, we will not trouble you to buy; so give us a call, and bring your friends; a look through will convince you that nowhere else in the great Commonwealth of Kentucky is there such a great line of Clothing, at such very low prices, as at **LOUIS ZECH & CO'S Old Reliable**

The Big Sandy was five or six hours behind time this morning.

Due up to-night: Big Sandy for Pomeroy, and Andes for Pittsburg, at midnight.

The Bonanza is the 6 p. m. packet and the Telegraph the midnight packet for Cincinnati.

About 1,500,000 bushels of coal have been shipped from Pittsburg for Cincinnati and Louisville in the past day or two.

EMPSON'S fruit tablets—Calhoun's.

THERE are one or two cases of measles in Professor C. J. Hall's family.

W. B. CLARK'S little son was taken down with the measles last night.

RICHARD A. GILMORE has been appointed postmaster at Ringo's Mill, Fleming County.

COOK-HUMPHREYS is reported to be living in Missouri, where he is getting a good salary.

REV. H. P. WALKER is holding a protracted meeting in the M. E. Church, South, at Richmond.

THE Court of Claims of this county will convene the third Monday in May—a week later than formerly.

BLAIR C. KEERANS, of Hillsboro, Ky., passed through town yesterday on his way from a trip to Cincinnati.

THOMAS WALLACE is seriously ill at the family residence on Third street. He was some better this morning.

THOMAS L. GIVEN, an attorney of Flemingsburg, was in town yesterday and last night on legal business.

J. W. HENDERSON, of Mt. Carmel, was stricken with apoplexy last Tuesday, and is reported in a critical condition.

THE Farmers' Home Mutual Aid Association will hold its annual meeting next County Court day. See notice elsewhere.

HUGH CAVANAUGH, a prominent Knight of Labor, of Cincinnati, arrived here yesterday on business connected with the order.

THE Christian Church at Cynthiana is to be repaired soon at a cost of about \$100. Over \$500 of this sum were collected last Sunday.

THE contract to bore for natural gas at Vanceburg calls for \$2,500 for the first eight hundred feet, and two dollars for each additional foot to two thousand.

BARNUM got \$5,000 for Jumbo, and the railroad that killed his big elephant will, in addition to this cash, draw the circus train free of charge for one year.

THE Flemingsburg Gazette is authority for the statement that Thomas Helton, the forger, escaped from the overseers near Concord, Lewis County, last week, and was last seen in Carter County.

If you experience a bad taste in the mouth, sallowness or yellow color of skin, feel stupid and drowsy, appetite unsteady, frequent headache or dizziness, you are "bilious," and nothing will arouse your liver to action and strengthen up your system like Dr. Pierce's "Golden Medical Discovery." By druggists.

The Ernst-Onward Collision.

The towboats Onward and William Ernst collided in front of this city last fall, the affair resulting in the sinking of one of the Ernst's loaded barges. The Onward was passing up with a tow of empties at the time, and the Ernst was backing out from Owens, Parker & Co.'s landing where she had just left one or two barges of coal. Both proceeded on their way and the affair was soon forgotten here.

A suit growing out of this collision has been filed in the court at Covington. Joseph B. Lovell is the owner of the Ernst, or was the owner of the coal, and he sues the Onward for \$580.46 damages. An attachment was issued the other day, and the Sheriff of Kenton attempted to levy on the Onward while the steamer was lying at the Covington landing. He no sooner put his foot on board of the boat than she shoved off carrying the Sheriff and his party with it. The Sheriff entered a protest to the proceedings, on the ground that the boat was still on Kentucky waters. The officers and crew, however, paid no attention to the entreaties of the Sheriff, and proceeded down the river.

At the foot of Willow Run the boat landed and let the Sheriff off. A warrant has been issued for the Captain and his crew, and they will be arrested the first time the boat makes a landing on the Kentucky side. The Sheriff pulled his gun on the pilot, but he was hustled off while the steamer managed to get on Ohio waters, and then the Sheriff was powerless.

The Handy Slightly Damaged.

The Handy No. 2. was caught in a storm between here and Portsmouth last night, and was slightly damaged. The fantail was torn off, and other parts of the boat somewhat shaken up. A dispatch from Captain Bruce Redden says the repairs will be completed in time for her to resume her trips next Monday.

Notice.

I have sold my paints and tools to Shafer & Crowell, painters. They have also taken my old stand, on East Second street, where they can be found at all times prepared to do house painting, paper-hanging, graining, &c. Knowing them to be competent to do all kinds of work in their line, I recommend them to my friends and customers. Thanking the public for past favors, I am, respectfully,
F. HAUCKE.

Wisnall Wants \$5,000 Damages.

J. B. Wisnall, formerly a citizen of this city, has sued Steffen Bros., at Covington, for \$5,000 damages. The plaintiff claims that the Steffens left their horses standing unhitched on the streets February 4, 1887, and that the horses ran away and ran over him, breaking his leg and otherwise injuring him. He claims that the defendants were negligent in allowing their horses to stand on the streets unhitched. Before he sustained the injuries he was making \$100 a month, and the injuries he sustained deprive him of this.

Another Blow in Bourbon County.

Bourbon County is rather unfortunate this season. A severe cyclone passed over the place last week, doing considerable damage at Paris and other places. A second storm visited the county yesterday afternoon, passing to the north of Paris. The rain fell in torrents, and trees and fences, barns and other buildings in the path of the cyclone were blown away and wrecked. No loss of life is reported, and the extent of the damage to property has not been learned. J. W. Ferguson, who had a barn blown away last week, lost another yesterday.

THE railroad bridge over the Little Sandy would have been completed this week had not the high water interfered.

THE Lexington races will begin to-morrow, and will be followed by the Louisville races, beginning May 11. The Latonia races will commence May 23.

FRANK HAUCKE will leave to-day to take up his residence at Wichita, Kan. The best wishes of his friends go with him. As a painter and paper-hanger, he ranks with the best.

At Poplar Plains, Fleming County, natural gas was found years ago in considerable quantity at a depth of two hundred and seventy-eight feet. A vein of salt-water was also struck.

ROBINSON'S circus has had to contend with wind and rain since the start this year, but the trip up the Ohio and Kanawha the past week has been very successful. At Charleston the large tents were crowded, and standing room was in demand.

In the Circuit Court this morning, Annie Hawkins, colored, was fined \$10 and costs for gambling. She lives at Mayslick and was charged with shooting "craps." She is probably the first woman ever fined for such an offense in this county.

THE unpleasant sensation to delicate eyes, experienced after reading or working for a considerable time, especially by artificial light, is entirely obviated by using Diamond Spectacles—every pair warranted or money refunded. For sale by Ballenger, jeweler.

THE Governor has pardoned J. W. Morris, who was sent to the penitentiary two years ago for manslaughter. His term was ten years. Morris was a newspaper reporter and wrote something offensive about a man beating his wife and the man attacked him, and in the melee Morris shot and killed him. He was sent up from Newport.

SHERMAN OTTO, son of Mr. and Mrs. Fred Otto, of this city, and Miss Lida Batson, of Bourbon County, were married yesterday afternoon. The nuptials were solemnized at the home of the bride's parents near Millersburg. Rev. John Sweeney, pastor of the Christian Church at Paris, officiating. Mr. and Mrs. Otto arrived by the train last evening, and are spending part of their honeymoon with relatives in this city.

THE Flemingsburg Democrat says: "One of the live firms in Maysville is the firm of Hopper & Murphy. This concern is one of the best appointed jewelry establishments in the State. They carry a large and elegant line of goods; in fact, second to none in the State. Since they have embarked in business they have added largely of fine and fashionable goods to their already immense stock. They also give especial attention to all kinds of jewelry, watch and clock repairing."

FRANK R. PHISTER has gone South and located at Decatur, Ala., where he is engaged in the real estate business in partnership with H. O. Nourse, of Chicago. A late copy of the Decatur News says: "We are glad to welcome to our city two of Chicago's enterprising men, H. O. Nourse and Frank R. Phister, who have located here permanently to do a general real estate business, under the name of Nourse & Phister. These gentlemen come to us highly endorsed, and from their connections with Chicago and parties from other places, there is no doubt but that their business will be a paying one from the start and themselves a valuable acquisition to our city."

Four thousand steel rails for the Maysville and Big Sandy Railroad have been delivered at Riverton, and the Greenup Gazette is informed that track-laying will soon be commenced.

J. D. ANDREWS, an attorney of Morrison, Ill., has been here several days on business connected with the estate of the late James G. White. Mr. Andrews returned home this morning.

SEVERAL new cases of measles are reported in this city and vicinity. Mr. and Mrs. Jack Orr's two children have been down with the disease for several days, but are about well again.

W. H. Cox, Thomas A. Davis, Byron Rudy, R. A. Toup, Ed Powell, W. B. Pecor and other prominent Oddfellows were at Flemingsburg last night to attend to some business connected with the Encampment at that place. They boxed up his "goatship" and took him along to give him a little exercise.

THE firm of D. Shanahan & Co., who are helping to build the Maysville & Big Sandy Railroad, have closed a contract with the Louisville & Nashville, for the Florence & Sheffield branch, about thirty-five miles of road. The contract includes the grading, masonry and trestle-work, and it is to be completed in six months.

THE Cincinnati Enquirer reports Daniel Williams and James Weaver in trouble at that place. The Enquirer says that "Williams insisted that he did not know Weaver, who had tried to rob him of \$15. The latter claimed that both worked in the same flouring-mill in Maysville, were good friends, and were out having a good time together."

Delicate diseases of either sex, however induced, speedily and permanently cured. Book of particulars 10 cents in stamps. Address World's Dispensary and Medical Association, 663 Main street, Buffalo, N. Y.

THE members of the Baptist Church who attended prayer meeting in the court house last evening were startled out of their seats during the services by a loud report, followed by quite a racket from the falling of plastering in the vestibule. The noise also attracted the attention of those in the vicinity of the building. It was all caused by the falling of one of the heavy weights of the town clock. The rope by which it was suspended gave away, and the weight came down with a crash. No one hurt, and the damage can soon be repaired.

THE case of the Maysville & Big Sandy Railroad Company against Dr. John T. Fleming has been on trial in the Circuit Court for the past day or two. The litigation is over the right of way through defendant's property at the mouth of Limestone Creek. In the first place the Commissioners allowed \$2,650 for the right and for damages to adjacent property. A jury in the County Court increased this to \$4,000, which the company considered too much, and the case was appealed to the Circuit Court. Whitaker & Robertson and A. M. J. Cochran appeared for the company and Wadsworth & Son for defendant. The evidence was concluded yesterday morning, and the evening was devoted to the arguments of the attorneys. A verdict was reached this morning, the jury allowing defendant \$3,000.

BY HIS POLITICAL ENEMIES.

Dr. Northup, of Haverhill, Ohio, shot to death by Alfred McCoy, Postmaster, His Two Sons, and His Brother Thomas, a Dive Keeper—His Murderers Arrested.

PORTSMOUTH, O., April 29.—At Haverhill, a small town in the eastern part of Scioto county, on the Ohio river, Dr. W. T. Northup, a prominent physician and vice president of the Scioto County Medical society, was brutally murdered at 3 o'clock yesterday afternoon by Thomas McCoy, a saloon-keeper and his brother Alfred, the postmaster of Haverhill, aided by Pierson and James McCoy, sons of Alfred, and aged twenty and fifteen years. The McCoy's are whisky Democrats, and Dr. Northup was a prohibition Republican.

The McCoy's had always run the township elections to suit themselves till Northup's arrival five years ago. He at once changed things and was working hard to introduce local option. This usurpation of what the McCoy's considered their political rights, followed by a state of affairs that threatened to ruin their business, incurred their bitter hostility.

Yesterday afternoon the four McCoy's, learning that Dr. Northup had neglected the precaution to arm himself—a measure that the doctor had adopted some time ago, in deference to his friends' wishes, who knew of the McCoy's enmity, lay in wait for him. Just as Dr. Northup reached a point on the street opposite the postoffice, Albert McCoy ran out and headed him off from reaching his office, the others meanwhile opening fire with shotguns upon the doctor from the house of Thomas McCoy.

The doctor attempted to retreat to his office, but was intercepted by Alfred. Drawing his pocket knife the doctor stabbed the postmaster in the side, cutting him badly. Young Pierson McCoy, fearing their victim would escape, although he had been fired at eight times, three loads taking effect, ran from the house and up to the doctor, and placing his gun almost against his breast, fired both barrels, the loads passing entirely through the poor man's body and tearing out his heart.

W. A. Vanderveer, of Grannan's Detective agency, of Cincinnati, who happened to be in the village visiting, was a witness to the tragedy, but too far off to prevent it. He succeeded in arresting Alfred McCoy, who was lying on the ground, bleeding from Northup's knife thrust, and put him in jail, and at once started in pursuit of the three others. He captured them late last night at a point several miles down the river. They are now safe in jail.

There is tremendous excitement over the bloody affair, and a lynching is not unlikely.

Dr. Northup was thirty-five years of age, had a large practice and many personal friends. He came from Gallia county five years ago. He was engaged to be married to Miss Ella Oaks, daughter of Joshua Oaks, a wealthy farmer, at the time of his sudden death.

Alfred McCoy is badly wounded. He is a man thirty-seven years of age. His brother Thomas is thirty-five.

OHIO FLOOD.

The Water Still Rising at Evansville, Doing Great Damage in the Lowlands.

EVANSVILLE, Ind., April 29.—The present rise in the Ohio still continues slowly but steadily. Around the city the water is far beyond its natural confines, and has spread over the bayou and lowlands. The Barrett farm, on the peninsula opposite the city, is composed of some of the finest land in Kentucky.

To protect it Mr. Barrett recently built a strong levee in the lower parts. Tuesday it was noticed to be weakening, and a large force of men went to work strengthening it, but the work was futile, and yesterday the flood tore through the levee and overflowed the estate, Diamond Island, twenty miles below here, is under water, and much corn which had sprouted is submerged and will be a total loss. Reports from points between here and Paducah are similar in that part, and a great loss to the farmers will be the result of the overflow, as in most instances corn was planted and the work will have to be repeated when the water subsides.

A New G. A. R. Commander.

SPRINGFIELD, O., April 29.—It rained last night and the city's decorations in honor of the G. A. R. encampment were badly dragged to-day. The crowds, notwithstanding, are bigger than ever. The encampment this morning elected the following department officers: Department commander, D. C. Putnam, of Springfield, O.; senior vice, C. H. Jones, of Waynesburg, Stark county; junior vice, John W. Bryon, of the Soldiers' home, Dayton, O. The other officers will be elected later on. The sun came out beautifully at noon, and the parade in the afternoon was a very handsome one. Col. R. L. Kilpatrick was chief, and a half dozen bands took part. The Women's Relief corps did nothing to-day but accept an invitation to inspect the Orphans' home at Xenia to-morrow.

Jumped From the Brooklyn Bridge.
New York, April 29.—John Dalton, a youth of twenty, who works in a printing office in this city, and lives in Brooklyn, jumped from the Brooklyn bridge at a point near the pier on the New York side yesterday afternoon. He was picked up, apparently unhurt, by the crew of a passing lighter, which kept on its way down the bay. The police are looking for the lighter in order to arrest Dalton. The young man had been drinking heavily during the day. None of his friends knew that he would take the jump, though he had talked of so doing. Dalton is also known by the name of De-frees. He is a German compositor, and lives at 172 Washington street, Brooklyn. He had not reached home at a late hour last night, and is probably hiding.

A Bronze Statue of General Grant.
St. Louis, April 29.—The board of directors of the Grant Monument association have entered into a contract with Robert P. Brugher, of this city, for a nine-foot bronze statue of Gen. Grant, to be ready for delivery in May, 1888. It is to be a military figure, standing as if surveying a battle, with the left hand resting on the hilt of the sword and the right holding a field glass.

Burglary, O., April 29.—H. F. Prevost, of Cincinnati, was to-day released from jail at this place on bail of \$1,000, E. B. Finley, S. R. Harris and F. S. Monett going on his bond. Prevost was arrested last week on the charge of embezzlement and arson.

A Child's Presence of Mind.

TRENTON, N. J., April 29.—Annie Patterson, a little child living at 303 Hudson street, Chambersburg, was playfully pushed into a bonfire on the commons to-day and her clothing caught up the flame. Terrified at the sight, she started to run home and all the while the fire was spreading. Bessie Clark, the little daughter of Charles Clark, with a presence of mind seized her frightened companion, threw her down, and rolling her on the ground, succeeded in extinguishing the flames and saving Annie's life.

David Preston's Will.

DETROIT, Mich., April 29.—The will of the late David Preston was read to his family last night. He leaves an equal sum to each of his seven children, and the remainder, the bulk of the estate to his wife. There were no other bequests. In view of the fact that Mr. Preston during his lifetime gave hundreds of thousands of dollars to benevolent and charitable objects, it was needless to give more than this.

American Glass Works Burned.

MONTREAL, April 29.—Last evening fire broke out in the British and North American Glass works, situated at the east end of the city, the largest establishment of the kind in Canada. The building known as the Green Glass works, and affording employment to 150 men, was totally destroyed. The lower portions of the works escaped with slight damage. The loss is \$30,000 or \$25,000; fully insured.
